

The logo consists of the text "FEC" stacked above "GUIDE" in a bold, white, sans-serif font. It is enclosed within a yellow-outlined rectangle that is shaped like a document with a folded top-right corner.

**FEC  
GUIDE**

The background is a collage of various Triotech arcade games. In the top left, there's a "XD THEATER" game with a blue and yellow color scheme. In the top right, a "DARK RIDE" game is visible. The center features a yellow and purple "STORM" game. To the right, a red and yellow "TYPHOON" game is shown. In the bottom left, another "DARK RIDE" game is displayed. In the bottom right, a "XD THEATER" game is shown again. The entire background has a dark, blue-toned aesthetic with some light effects.

# **OPERATING TRIOTECH'S ATTRACTIONS DURING RECOVERY**

**Tips for efficient operation**

The logo features a stylized white starburst or sunburst icon above the word "Triotech" in a bold, white, sans-serif font.

## HOW TO CLEAN AND DISINFECT THE STORM™

- Wear disposable gloves to clean and disinfect.
- Clean surfaces using alcohol or disinfectant. Pay particular attention to these surfaces: VR headset, lapbar, emergency stop button.
- Clean the lapbar using alcohol, disinfectant wipes or disinfectant solution.
- Clean the VR Headset using alcohol, disinfectant wipes or disinfectant solution.

## HOW TO USE YOUR STORM™ WHILE RESPECTING SOCIAL DISTANCING

The easiest way to respect social distancing is to ensure only one player is playing at one time, or if two players are playing at the same time to be from the same family or individuals living at the same address.

If your local jurisdiction's health authorities do not recommend social distancing, feel free to let 2 players play at the same time.

## HOW TO CLEAN AND DISINFECT THE TYPHOON

- Wear disposable gloves to clean and disinfect.
- Clean surfaces using alcohol or disinfectant. Pay particular attention to these surfaces: seat handles, movie selection button and coin door or card reader.

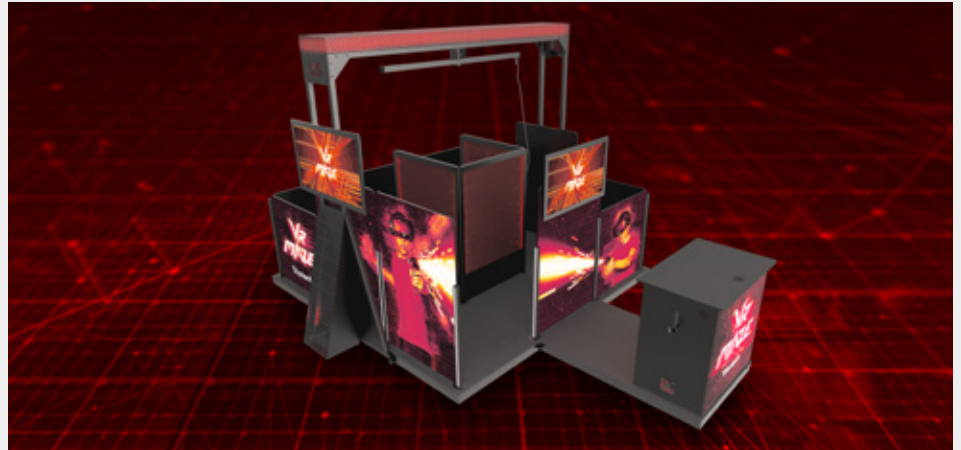

## HOW TO USE YOUR TYPHOON WHILE RESPECTING SOCIAL DISTANCING

The easiest way to respect social distancing is to ensure only one player is playing at one time, or if two players are playing at the same time to be from the same family or individuals living at the same address.

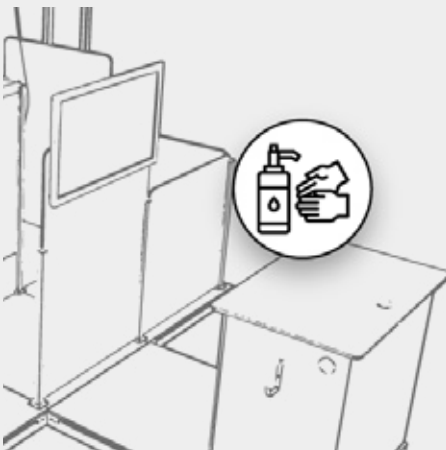

If your local jurisdiction's health authorities do not recommend social distancing, feel free to let 2 players play at the same time.

## HOW TO CLEAN AND DISINFECT THE VR MAZE

- Wear disposable gloves to clean and disinfect.
- Clean surfaces using alcohol or disinfectant. Clean the walls.
- Clean VR Headset and VR Controllers using alcohol, disinfectant wipes or disinfectant solution.

## HOW TO USE YOUR VR MAZE WHILE RESPECTING SOCIAL DISTANCING

The VR Maze is a 1-player attraction. Therefore, there are no social distancing steps necessary.

We recommend operators to ask players to clean their hands before using the attraction by using a disinfectant gel, for example.

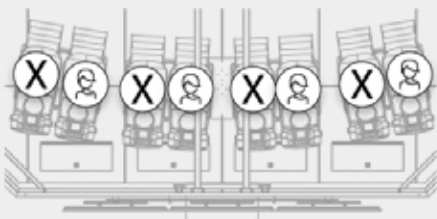

## HOW TO CLEAN AND DISINFECT THE DARK RIDE

- Wear disposable gloves to clean and disinfect.
- Clean surfaces using alcohol or disinfectant. Pay particular attention to these surfaces: seat belts and pointing devices.
- Clean pointer devices using alcohol, disinfectant wipes or solution.
- Clean 3D glasses using wipes or a soft cloth combined with a traditional ammonia-free glass cleaner.

### RECOMMENDATION

*Clean your 3D Glasses in front of your customers. Showing your customers the care you have for your material is important.*

## HOW TO USE YOUR DARK RIDE WHILE RESPECTING SOCIAL DISTANCING

The Dark Ride seats come in pair. We recommend using only 1 seat from the pair to maintain a proper distance between the players. To avoid your clients sitting next to each other, you could apply a sticker on the seat with a clear message or visual (i.e. 'X', 'Do not use', etc.) and have the seatbelt fasten all the time.

If your Dark Ride has more than 1 row, you should alternate seats (i.e. Row 1: Right seats are blocked, Row 2: Left seats are blocked). This way the players are sitting in a checkered pattern. We recommend operators to ask players to clean their hands before using the attraction by using disinfectant gel, for example. If your local jurisdiction's health authorities do not recommend social distancing, feel free to let 2 players sit together.

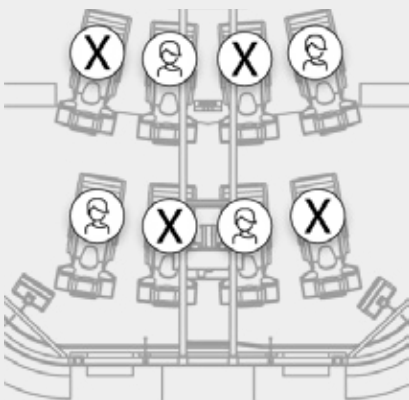

## HOW TO CLEAN AND DISINFECT THE XD THEATER

- Wear disposable gloves to clean and disinfect.
- Clean surfaces using alcohol or disinfectant. Pay particular attention to these surfaces: seat handles and seat belts.
- Clean 3D glasses using wipes, or a soft cloth combined with a traditional ammonia-free glass cleaner.

### RECOMMENDATION

*Clean your 3D Glasses in front of your customers. Showing your customers the care you have for your material is important.*

## HOW TO USE YOUR XD THEATER WHILE RESPECTING SOCIAL DISTANCING

We recommend using every other seat to maintain a proper distance between the players. To avoid your clients sitting next to each other, you could apply a sticker on the seat with a clear message or visual (i.e. 'X', 'Do not use', etc) and have the seatbelt fastened all the time.

We recommend operators to ask players to clean their hands before using the attraction by using a disinfectant gel, for example. If your local jurisdiction's health authorities do not recommend social distancing, feel free to let 2 players sit together.
